

# LIGHTING DESIGNER

The lighting designer serves as a key member of the creative team, using lighting to create experiences that lead people to a relationship with Jesus Christ for all events in Nativity's Theater and Sanctuary.

Part Time, Weekend Hours Required | Timonium, Maryland

## Creative Team

The Creative Team at Nativity works together to produce excellent and engaging weekend experiences and a global online broadcast ministry to make disciples of Jesus Christ.

## Must-Haves

- Experience programming with HES Hedgehog and Full Boar 4 consoles
- Experience working with lighting networks and sACN
- Experience with stage design and basic rigging
- Attention to detail and drive for excellence
- Ability to make sound, critical decisions under pressure

## Nice-to-Haves

- Proficiency with Vectorworks or other stage design/plot software

## General Responsibilities

- Program shows for all events in the Theater and Sanctuary.
- Lead and train Creative Tech volunteers to run shows in the Theater and Sanctuary.
- Install new fixtures and equipment, and test, troubleshoot, and repair lighting gear as needed.
- Participate in creative and production meetings to plan lighting design for all events at Nativity.
